

BAMit helps your School or Non-Profit Organization earn continuous revenue through our cash back deal & discount app!

- 1 Download the **BAMit** app
- 2 Shop locally at businesses offering **cash** back deals
- 3 Earn **cash** back by scanning your receipt in the app
- 4 Savings are instantly shared with your organization

The BAMit App is an easier, more efficient way for you to earn funds.

BAMit is excited to help you revolutionize your fundraising efforts and unlock your organization's full earning potential. Fundraising with BAMit is easy, modern, and beneficial for the entire community.

BAMit is particularly helpful for today's climate.

The BAMit app gives the local community a platform to support businesses and each other through shopping and saving. BAMit is an app that shows your constituents where they can quickly find resources and businesses still open today where they can save money. When teaming up with BAMit's Non-Profit program, supporters save by shopping, local businesses get more customers, and organizations earn from shopper donations through the app. Even with social distancing, BAMit brings the community together and allows you to raise money 365 days a year.

BAMit gives EVERYONE an easy way to contribute that directly benefits their household.

People can now fix their plumbing, get their dry cleaning done, grab a bite to eat or get their child braces while contributing to your charity at the same time. Support local businesses and BAMit helps with the rest.

Download and Earn

1

Every BAMit app download using your NPO's referral code earns the user AND your NPO \$5.00.

Support Automatically

2

Donors are connected to your NPO through the app charity wallet and support automatically by redeeming deals.

Add a New Business your NPO earns

3

If a new business joins BAMit based on your referral, each time any donor shops and redeems there, BAMit gives back to your NPO.
